World Kidney Day Concert in Turkey

Kidney Awareness Monitoring & Prevention Society (KAMPS), Bangladesh

In the morning KAMPS Kidney and Dialysis Center at Tangail and another one in Chandpur organised separate rallies. The rallies paraded different busy areas across the district cities.

At the end of the rally they made symbol of kidney by gathering school going boys and girls dressed with red color T-shirts and also arranged discussion meetings with participation of local representatives of all walks of lives including doctors, teachers, political leaders, journalists and government officials. The news of the rallies were published in all the local daily newspapers.
